

## Blind Alley

Rooms is pleased to invite you,  
to the **Blind Alley** exhibition of their new  
2019 collection **DNA Archives**

### ***Blind Alley***

Rooms presents their first exhibition in their hometown Tbilisi, called Blind Alley. Title of the show reflects the physical location of the exhibition space, as well as the exposition itself, where an actual dead end was constructed within the gallery space.

Blind Alley - is also used as a metaphor to always find new paths when facing life's cul-de-sacs.

### ***DNA Archives***

Going back to the essence of what is undeniably in our DNA, it's an inner journey, exploring the blueprint of our visual memory.

Handcrafting and reflecting on our visual experiences and hidden "DNA treasures", we translate the hypnotic 1001 Nights, the great antiquity of Empire Style and our past reality into the primitive, unconventional forms. The whole collection is a balance or a conversation between the objects that carry different attitudes, shapes and volumes expressed by contrasting brutalist furniture, fluffy blankets from careless childhood and simple geometric objects.

It is a monument to everything human, down to human body parts, intuition, clarity of mind and simplicity.

DNA Archives is an endless process of trying to comprehend hidden treasures and complex instincts of humankind.

### ***Opening Cocktails***

18 May, 2019  
5 pm - 9 pm

### ***Exhibition time***

18 May - 18 June 2019  
11 am - 7 pm

### ***Address***

3 D. Toradze Blind Alley, Tbilisi Georgia
